Earliest Parisian, new, blooms the first year, makes fine bushy plants; a splendid market plant.....	¼ oz., 45c;	10
Single mixed.....		10

## 3 NEW SWEET PEAS.

Originated by M. Lynch, Menlo Park, Cal., of whom we bought the entire stock.

**The Bride.** This is the best white Sweet Pea up to date. In the bulletin (No. 127) of the Cornell University it is placed at the head of the whites, and it showed up much better than either Emily Henderson or Blanche Burpee at the University at Ithaca last summer, which is saying a great deal. Mr. Lynch cut perfect flowers as early as April 16 this year. Cut-flowers of the **Bride** have brought the highest price over all the other Sweet Peas in the San Francisco market in 1896. The flowers are pure white, of fine substance, good size and the true **Grandiflora** type. Price, per lb., 2.00; ¼ lb., 60c.; oz., 20c.; pkt., 10c.

**TOBACCO STEMS.**—We just received a car load of fresh Tobacco Stems, in bales of about 180 lbs. each, which we furnish at 1 cent per pound in full bale lots.

**TOBACCO POWDER.** Can be used with bellows, is as fine as flour, try it. Lb., 10c.; 5 lbs., 25c.

**EMILY LYNCH**, The earliest of all Sweet Peas.

Sown alongside of Extra Early Blanche Ferry it was in bud in 69 days, while the latter showed no sign of buds at that time.

It blooms two weeks earlier than Extra Blanche Ferry. The standard is pink, shading to bright rose, wings buff suffused with pink, **Grandiflora** style. A great advance on Duke of York.

Price, Lb., \$2.00; ¼ lb., 60c.; oz., 20c., pkt., 10c.

**CALIFORNIA.** A very soft Daybreak pink, of distinct shade and splendid form; a most delicate pink self.

Price, Lb., \$2.00; ¼ lb., 60c.; oz., 20c.; pkt., 10c.

**A GOOD KNIFE.**—We had made for us, patterned after the celebrated Kunde knives, a propagating knife which gives great satisfaction. It is black handled, brass lined, very convenient and "handy," and the blade is of the best steel. If you need a knife (and which florist does not?) try one of these. Price, 75c.
